Doğrulama

https://www.facebook.com adresini açın ve Games'e tıklayın. Tüm oyunları listeleyen sayfaları görmek hala mümkün.

The screenshot shows the Facebook Games page. The URL is https://www.facebook.com/games/?from_bookmark=1. The page features a search bar, navigation tabs for '尋找遊戲', '你的遊戲', '活動', and '下載 Gameroom'. Below the navigation, there are links for '首頁', '熱門排行榜', '休閒', '戰爭', and '賭場'. The main content area displays a featured game 'Traffic Motorbike' with a description: 'Traffic Motorbike is high speed motorbike simulator game with 5 different mode.' To the right, there is a section for '熱門遊戲' (Popular Games) listing titles like 'Cosmo Run', 'Traffic Motorbike', 'AZZL', 'Oz: Broken Kingdo...', and 'Tongits Tayo'. Below this, there is a 'Gameroom Featured' section with a grid of game thumbnails including 'Critical Ops', 'Inside Out Thought Bubbles', '動物方城市犯罪檔案', 'Deer Hunter 2017', '天使帝國-幻獸之月', and 'Game of Dice'.

Ancak, oyunlardan birini seçtiğimizde sayfanın engellendiğini göreceğiz.

The screenshot shows a security warning message. The URL is https://apps.facebook.com/554829871342822/?fb_source=appcenter. The message reads: 'Your connection is not private'. Below this, it states: 'Attackers might be trying to steal your information from apps.facebook.com (for example, passwords, messages, or credit cards). NET::ERR_CERT_AUTHORITY_INVALID'. There is a checkbox for 'Automatically report details of possible security incidents to Google. Privacy policy'. At the bottom, there is a 'Reload' button and the word 'ADVANCED'.
